PROFESSIONAL SUMMARY

B.Tech Information Science & Engineering student and aspiring Data Analyst with hands-on skills in Python, SQL, Excel, and Power BI. Experienced in cleaning, analyzing, and visualizing data to generate actionable insights, backed by 45+ certifications across data analytics, AI/ML, and cloud computing (Microsoft, IBM, Google, Cisco, NPTEL). Proven ability to build end-to-end analytics projects and dashboards; strong analytical thinking, problem-solving, and communication skills.

TECHNICAL SKILLS

Languages: Python, SQL, Java, C, JavaScript

Data Analytics: Data Cleaning, EDA, Statistics, Excel, Power BI, Data Visualization, Google Analytics

Databases: MySQL, SQLite

Cloud & AI: Microsoft Azure AI, Azure Data Engineering, Generative AI, Prompt Engineering, ML Fundamentals

Tools: Git, GitHub, VS Code, Microsoft 365 Copilot, Power Automate

Web: HTML, CSS, Flask, WordPress

CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals (AI-900)
- Microsoft Azure Data Engineer (DP-203)
- Microsoft Generative AI & Azure AI Services
- IBM AI Fundamentals
- Google Analytics Certification
- Cisco Data Science
- NPTEL Elite Certification
- freeCodeCamp – Data Analysis with Python
- Tata (Forage) – Empowering Business with Data Visualization
- Analytics Vidhya – Data Analytics
- Simplilearn – Generative AI
- Academy Europe – Cloud Computing Certification Program

INTERSHIPS

Hospital Intern – Nethra Guard (Dristi App) & Post-Operative Patient Care | Aravind Eye Hospital, Puducherry 2025

- Supported healthcare technology workflows for the Dristi application and post-operative patient care processes.
- Strengthened understanding of healthcare systems, patient data handling, and process documentation.

Full-Stack Development Intern | Alfrin Technologies, Puducherry 2026

- Built and tested full-stack web application features, gaining practical experience in software development workflows.
- Collaborated with mentors on industry-standard development practices and project implementation.

PROJECTS

AI Job Market Analysis | Python, Excel, SQLite, Power BI

- Cleaned and analyzed job market datasets; built Power BI dashboards visualizing salary trends, in-demand skills, and job locations to support data-driven career decisions.

Finance Tracker | Flask, Python, SQLAlchemy

- Developed a finance management web app to track income and expenses with database integration and user-friendly UI.

Support Ticket Search System | Python, Flask, TF-IDF

- Built a search application using TF-IDF for efficient information retrieval, improving search accuracy and response time.

EDUCATION

B.Tech, Information Science & Engineering 2023 – 2027

Women's Engineering College, Puducherry | CGPA: 7.25/10

Languages: Tamil, English
